

Town of Caledon

Tennis Court Safety Rules

- Singles tennis is permitted, with distancing measures.
- Doubles tennis with partners from your household is allowed. The opposing team members can be from another household.
- If you have any symptoms (fever, cough, fatigue) then stay home and isolate.
- Stay on your side the whole game (no changeovers).
- Wash and sanitize your hands before and after using the tennis courts.
- **DO NOT** share racquets, towels or water bottles.
- Keep your distance, stay away from others - **leave at least 2 metres of space between players at all times.**
- It is unclear whether or not the virus can be transmitted through tennis balls. For maximum safety we recommend that each person brings their own tennis balls. Each player should serve with their own ball. All balls should be returned without anyone but the server's hands touching them.
- At the end of your match, collect your own balls and wash/sanitize your hands.
- Avoid all physical contact (**NO** hand shakes, elbow bumps, high fives).
